

## Get your logo ideas in for consideration!

The North Bay Pickleball Club is looking to its membership for logo ideas. The logo would be used on T-shirts, website, media releases, club documents etc. A local graphic artist has agreed to help with the project and will draw inspiration from even the most rudimentary sketch. If you can't draw more than a stick figure, just write a short description and turn your ideas in to me, Patty Gysel, by **December 20th**. The logo should be simple, clever not cliché, something uniquely recognizable and be three colours at most. Give it a go and see what you can come up with, there are lots of thought starters on the Web.

**Sketch it or describe it right in this box.**
