## Teach the Teacher Workshop

As the world leader in setting the standards for pickleball instruction, IPTPA recognizes that there are many players, Canadian ambassadors and others who are responsible for introducing the sport of Pickleball to new communities' worldwide. Many have never taught before and although they have the best intentions most haven't been trained in how to teach. Many are lower level skilled players, which prevents them from passing the IPTPA skills test and getting fully certified as an IPTPA Teaching Professional. Yet, they love pickleball and helping other players. Perhaps you're an experienced teacher from another sport but new to pickleball, the IPTPA Teach the Teacher Workshop is for you.

The IPTPA Teach the Teacher Workshop is your entry to the IPTPA Teaching Curriculum. Our workshop is based on the IPTPA Handbook which outlines the appropriate skills, progressions, strategies etc. for the beginner thru intermediate player as defined by the IPTPA Rating System. Sample lesson plans were developed based on the latest sports theory and a list of appropriate drills to help reinforce each lesson is also included in the handbook.

IPTPA membership is comprised of the best players and teachers in the world. We are a not-for-profit corporation whose mission is to certify and elevate the standards of the Pickleball Teaching Professionals. We exist to serve the pickleball community. Attending an IPTPA Teach the Teacher Workshop, is your assurance that the content you're may be teaching has the highest seal of approval.
